Voting Information

Arkansas has "open primaries," which means you can vote in the Democratic or Republican primary election in the spring. Or you can choose to vote only on non-party issues, such as school board candidates, judges, prosecutors, or local ballot issues.

Types of Voting

Pre-printed paper ballots with candidates and issues are used for absentee voting and in some counties for early and Election Day voting. Voters use an electronic marking device that prints a paper ballot for review for early and Election Day voting.

Photo ID Is Required

State law requires voters to show an approved photo ID when voting in person. People voting with an absentee ballot must also include a copy of their photo ID.

You can still vote without your photo ID, but your vote will not be counted until you bring your ID to election officials. You will have until noon on the Monday following the election to show your photo ID in person to the county clerk or county board of election commissioners.

At voting locations, election workers will ask you for your name, address and photo ID.

ARKANSAS HAS 1.7 MILLION REGISTERED VOTERS.

Photo ID's you can use to vote include:

- Arkansas driver's license or state ID card
- U.S. Passport
- U.S. Military ID
- ID or employee badge issued by Arkansas college, university, or trade school
- Concealed handgun carry license
- Public assistance identification card
- Voter verification photo ID card issued by County Clerk

Voters In Long-Term Care Homes

A person who lives in long-term care homes can vote without showing photo ID. They can instead provide documentation from the facility's administrator confirming they live in the nursing home, residential care facility, assisted living facility, residential care facility, etc. licensed by the State of Arkansas.
