

Arkansas Rice Research Verification Program Weekly Update

May 2, 2025 – Update No. 3

Division of Agriculture, University of Arkansas System, Cooperative Extension Service
By: Ralph Mazzanti, Verification Coordinator – Rice

General Information

Rice Research Verification fields range from not planted in Woodruff County to 2nd Tillering stage in Desha County. Continuous rainfall has herbicides holding for extended periods. Several fields are ready for overlapping herbicides yet wind and rain have hindered applications. Chicot and Poinsett Counties are at the 1-leaf stage. Crittenden, Jefferson, Lonoke and White Counties are at the 2-3 leaf stage. Refer to the table below for field-specific information:
