Museum Parking

Complimentary parking close to the museum entrance is available on the upper and lower levels of the museum's attached parking garage, called Museum Parking. ADA-accessible parking is available on the lower level of the garage. To access Museum Parking, follow the signs posted on Museum Way.

Drop-Offs

The museum's main drive connects to a drop-off area at the museum's ADA-accessible front entrance, located by Roxy Paine's tree-like sculpture [Yield](#). Cars and buses may stop here to load and unload passengers. No parking is allowed in this area.

Campus Parking

Additional parking is available free of charge in our Campus Parking complex, located on Museum Way across from the Amazeum. We encourage you to park in the Campus Parking garage and either walk to the museum via Orchard Trail or enjoy our complimentary shuttle service to the museum's main entrance.

Vertical clearance on the first floor of the Campus Parking garage is 8 feet, 4 inches tall, and the second through sixth floors have a clearance of 7 feet, 2 inches. Oversized vehicles (including RVs, trailers, and buses) that do not fit the clearance requirements should park in the gravel lot on Museum Way, or at Orchards Park across NE J Street. The gravel lot is closed to all other guest vehicles.
