Reporting Contacts for Pinterest Accounts

Pinterest has become an important tool for our programs and the contacts should be reported to show the reach achieved through our social media efforts.

Below are the basic steps for reporting contacts from Pinterest, followed by how you can find the numbers to report.

How to report Pinterest contacts:

-Log into AIMS and go to “My Reporting”

-Go to “Report” for the objective area that your posts relate to (e.g. IPM for a pin on stinkbugs, Family Economics for a pin on Arkansas Saves).

Finding Your Contact Numbers in Pinterest

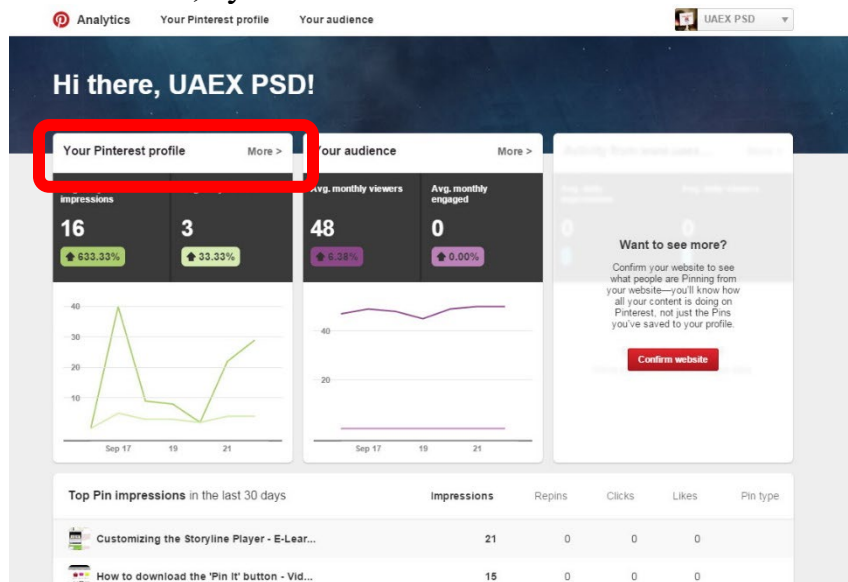

Organization Pinterest Accounts

NOTE: Data on pins are only for the last 90 days. To have an accurate count of Pinterest contacts, it is important to report your contacts at least once a quarter.

-Go to <https://business.pinterest.com/en/pinterest-analytics> and log into your Pinterest account.

-If you get a message asking you to sign up for a business account, your Pinterest account is an individual account and you need to see below for information on finding your contact numbers.

-Next to “Your Pinterest Profile,” you will click on “More >” to see a list of your pins.

Both your direct and indirect contacts will be listed in the table, as seen below. To see all your pins, you can click the “Show More” at the bottom of the table.

-The “impressions” numbers (circled in red) are your indirect contacts.

-The “clicks,” “repins,” and “likes” numbers (circled in green) are your direct contacts.
